

# OCONTO FALLS NEW MIDDLE SCHOOL

## Design Goals & Non-Negotiables

### GOALS

- Create flexible and collaborative learning environments that support individualized learning, while providing real life opportunities and experiences for students
- Ensure we are future-ready by designing and building with consideration of facility and programming expansions
- Incorporate natural lighting whenever possible to provide inspiring learning environments and reduce energy use
- Provide sustainable, cost-effective design solutions to minimize long-term maintenance and operational expenses
- Create spaces that support educational, community and district programming, while fostering strong community partnerships

### NON-NEGOTIABLES

- Facilitate an inclusive, consensus-building process to ensure a high level of collaboration
- Communicate project progress and milestones clearly and consistently with stakeholders, staff and community
- Ensure a quality project that is implemented on time, on budget
